## THE ANNUAL REPORT

OF THE COMMITTEE OF VISITORS ELECTED AT THE EPIPHANY SESSION, 1872, FOR THE PURPOSES OF THE LUNATIC ASYLUM, AT STONE, FOR THE PAUPER LUNATICS OF THE COUNTY, UNDER THE STATUTE 16TH & 17TH VICT., CAP. 97, ss. 22 & 62.

SHEWETH,—That your Committee report, in the terms of the Statute, that the “State and Condition” of the Asylum have been satisfactory throughout the year, and the accommodation is sufficient and proper for the number of Patients.

The conduct and efficiency of the several Officers and Servants continue to be satisfactory, and no change amongst the Officers has taken place during the past year.

Your Committee have found it necessary to increase the salary of the Chaplain from £80 to £120 per annum to take effect from the commencement of the current year. This increase was due to him in consideration of past services, the gradual increase in

the number of Patients since his appointment, and the additional duty recently imposed upon him of performing two full Services on each Sunday instead of one. The Chaplain has also for some time past performed, and will in future continue to perform, an additional service on one of the other days in each week.

The full number of Patients on the 27th December, 1872, the day of the last meeting of your Committee, was as follows :—

	M.		F.		TOTAL.
County Patients .....	129	∴	200	...	329
Out-County Patients .....	1	...	5	...	6
Private Patients .....	7	...	7	...	14
Gross Total .....	137	...	212	...	349

The number of County Patients in the Asylum at the corresponding period of the year ending 22nd December, 1871, was 335.

The number of Patients admitted since the commencement of the year has been :—

	M.		F.		TOTAL.
County Patients .....	28	...	33	...	61
Out-County Patients .....	0	...	0	...	0
Private Patients .....	5	...	6	...	11
	33	...	39	...	72

The amount per head per week charged to the Unions in the County having Patients during the four quarters has been a uniform rate of 10s. 6d., being an increase of charge of 1s. 0 $\frac{1}{4}$ d. per week, as compared with that made for the year 1871.

The following is a Table showing the cost of the maintenance :—

TABLE SHOWING THE COST OF MAINTENANCE.

Column 1 contains the Cost of Provisions consumed by the Patients.

” 2 the Cost of the Fuel and other Necessaries.

” 3 the Cost of Clothing, Utensils, Surgery, Garden, and Miscellaneous Articles, after deducting the Receipts of the Establishment.

” 4 the Amount of Salaries of Officers and Servants, and Cost of Provisions consumed by them.

Two of the Commissioners in Lunacy, Mr. Campbell and Mr. Nairne, visited the Asylum on the 11th Day of November last, and the following is a copy of their Report upon that occasion :—

BUCKS COUNTY ASYLUM,  
11th Nov., 1872.

Since the last visit, about a year ago, 33 men and 37 women have been admitted, 22 men and 27 women have been discharged, and 15 men and 13 women have died, leaving on the books this day the names of 350 Patients, of whom 138 are males and 212

females. During our inspection of the Asylum, we have seen all these Persons, except three who were away on probation. Their condition was in all respects satisfactory, and they were remarkably free from excitement. There was no one restrained, or in seclusion, and from the records in the Medical Journal it appears that the numbers secluded in either division has been very small, comprising only 6 men and 12 women, the former having been secluded on 8 and the latter on 40 occasions. We have made the usual Statutory inquiries, and find that all the arrangements of the establishment are the same as before reported. About the usual numbers, viz., 83 men and 120 women, are employed regularly; 68 males and 72 females attend the services in the Chapel, and of both sexes about 85 are present at the Entertainments in the Hall. Thirty-nine males and 57 females have the privilege of walking beyond the Asylum precincts. The staff of attendants has been reduced by one in the Male Division. The nurses remain as before, and on either side the proportion to the number of Patients is large.

The present weekly charge for Paupers is 10s. 6d. The Private Patients, of whom there are 7 in the male and 7 in the female Division, paying from 12s. to 21s. To-day there are vacancies for 44 men and 39 women.

The bodily health of the Patients is generally good, and no special or epidemic disease has prevailed during the past year. Brain disease proved fatal in eleven cases. Seven patients died from exhaustion, three from epilepsy, the same number from lung disease, three from senile decay, and one from erysipelas.

No inquest was held in any case. At present 12 men and 23 women are registered as under medical treatment.

We thought the condition of the wards very good. The bedding has been entirely re-made, and is very clean and comfortable.

The dinners to-day consisted of meat and vegetables, and were good and abundant. There has been an alteration in the dietary, by the introduction of Australian in lieu of fresh meat on two days in the week. We had no complaints on the score of food, nor, indeed, on any other matter, and it will be seen from the above report that the condition of the Asylum continues to be creditable and satisfactory.

(Signed)

W. G. CAMPBELL, } Commissioners  
ROBERT NAIRNE, } in Lunacy.

In the Appendix No. 1 will be found an Abstract of the County Treasurer's Accounts, as to the repayment of Instalments of the principal monies borrowed and the interest thereon.

In the Appendix No. 2 is shown the amount expended in Repairs, and also the Additions, Alterations, and Improvements, under sec. 38 of the Statute.

In the Appendix No. 3 will be found a General Statement and Balance Sheet of the Maintenance Account.

And in the Appendix No. 4 will be found an Abstract of the Garden and Farm Account for the year 1872.

It is now the province of the Court of Quarter Session to appoint a Committee of Visitors for the ensuing year, pursuant to the 22nd sec. of the Statute.

(Signed)

PETER THOS. OUVRY,

CHAIRMAN.

## MEDICAL SUPERINTENDENT'S REPORT.

---

TO THE COMMITTEE OF VISITORS OF THE PAUPER LUNATIC ASYLUM  
FOR THE COUNTY OF BUCKINGHAM.

GENTLEMEN,

I beg to lay before you the usual Annual Report of the working of the Asylum during the past year.

On the 16th of December, 1871, there were resident 352 Patients, of whom 141 were of the male and 211 of the female sex. The Patients admitted during the year 1872 numbered 72, comprising 33 males and 39 females. The aggregate number under treatment amounted to 424, of whom 174 were males and 250 females. The average daily number resident has been 350 viz., 141 men and 209 women. The highest number resident in the Asylum on any one day of the year was 356, and the lowest 344. The total number discharged and died in the course of the year was 73,—37 men and 36 women, leaving in the Asylum, on the 21st of December, 1872, 351 Patients, including 137 males and 214 females. Two criminal lunatics were received from the County Gaol, and one was transferred from Colney Hatch Asylum. Eleven of the admissions were Private Patients.

Of the total number of admissions only 12 males and 28 females, presented a reasonable prospect of recovery from their mental disorder, the remaining 40 were not deemed curable. In 37 of those received, the attack was the first, in 21 cases they had had from one to ten attacks previously, and in the remaining 14 this point could not be satisfactorily ascertained.

Forty-five Patients have been discharged during the year. Of these 16 men and 19 women were recovered, three men and one woman relieved, and two men and four women were discharged as not improved. Of those not improved, two were sent to other

Asylums, two were given up to the care of their friends on application being made, and the other two were merely transfers from one class to another, so that they still remain under treatment in the Asylum. The recoveries, calculated, as is always done, on the admissions of the year, are in the ratio of 48·60 per cent. They were nearly all sent out on probation for periods varying from one to three months before being finally struck off the books.

The mortality during the year amounted to 28,—16 men and 12 women, giving a mean annual rate for both sexes of eight per cent. on the average daily number resident, or 6·60 per cent. on the whole number under care and treatment. This death-rate is lower than has occurred during the preceding eight years. There has been nothing special in the causes of death—two-thirds were from diseases of the brain, and the remainder from diseases of ordinary life, or the result of old age. The average age at death was 59 years, that of the males being 51 years, and of the females 67 years. Twelve of them were upwards of 70 years old. A post-mortem examination was made in 19 cases.

No Inquest has been held during the year, and I am thankful to say that no suicide has occurred. There has been but one accident of any moment. In September, a female aged 79 years, caught her foot in the cocoa matting, and falling fractured the neck of the thigh bone. She has been exceedingly irritable and troublesome to manage, but has gone on fairly well.

One male Patient effected his escape, and was not heard of for four days, when notice was received that he had been apprehended at Abingdon, and was then in the Police Station there. Another man escaped on two occasions, once from a cricketing party and once from a walking party, but was absent only a few hours.

The health of the Patients has on the whole been good, but Diarrhoea was rather more prevalent in the Autumn than usual.

In the general order and discipline of the Asylum, and in the usual routine of recreation and amusement there has been no material change from that of former years. The additional land obtained two years since has been of considerable benefit to the Asylum, not only in the shape of increased crops but also in the means of providing more farm labour for the men.

I have the pleasure to report that our Library has been increased by a present of useful books from the "Society for Promoting Christian Knowledge," and that at Christmas last the proprietors of the "Graphic" also kindly sent us a number of surplus copies of that paper for distribution among the Patients.

No changes in the Official Staff have occurred during the year, and I am glad to acknowledge the willing and valuable services I have received from Dr. Alexander, the Assistant Medical Officer, and from Mr. Hollyer, the Clerk and Steward, in the discharge of my various and responsible duties. The Head Attendants on either side continue to give their best energies to their work. Among the Attendants and Servants the changes have been rather more numerous, but with two or three exceptions their duties have been done satisfactorily.

In conclusion, I take the opportunity of again thanking you for the confidence you have invariably reposed in me, and for your support on all occasions.

I am,

GENTLEMEN,

Your obedient Servant,

J. HUMPHRY.

## CHAPLAIN'S REPORT.

TO THE COMMITTEE OF VISITORS OF THE PAUPER LUNATIC  
ASYLUM, STONE.

GENTLEMEN,

I have much pleasure, as your Chaplain, in bringing before your notice my Thirteenth Annual Report of the condition of the inmates of your Institution.

With regard to the Sunday and Wednesday Services in the Chapel, the celebration of the Holy Communion, and the visits in the Galleries, I may remark that I have endeavoured faithfully to fulfil those duties, and trust, by the blessing of God, that they have led many to that Saviour who will have all men to be saved and come to the knowledge of the truth. It is a source of great gratification to me to be able, not only to bear testimony to the attachment which many of the Patients feel for the Services in the Chapel, but also to assure you that the second Service which you have provided on Sundays, by a resolution at your last monthly meeting, will be most gratefully and highly valued.

On the suggestion of your Medical Superintendent, I applied to the Standing Committee of the Society for Promoting Christian Knowledge for a grant of books. The grant was made of books to the amount of £3. They have been distributed in the Galleries; and the circumstance of all of them being in use on Sundays is a proof that they are highly appreciated as sources of instruction and amusement, and as having a tendency to impart Divine truth. The Standing Committee have since made an offer of another grant, which I have accepted, but the books have not yet arrived.

I beg to assure you that I shall always take an interest in those over whom you have given me a charge, and that I shall endeavour to do my duty towards them.

I remain, Gentlemen,

Your obedient Servant,

CHARLES LOWNDES.

Hartwell Rectory,

Dec. 26th, 1872.

APPENDIX, No. 1.
